

Function	Contacting square or round 0,64mm posts
Probe attributes	Spring wire type test probe
Pitch size	100 mil (2,54mm)
Max. continuous current	15 A
Depth of contact point	at appr. 4mm depth (full diameter)
Number of contact points	multiple springwires (13pcs)
Mating forces (insertion/extraction)	appr. 1,5N
Materials	Body: Brass (gold plated) / Head: Steel hood Contacts: Springwires (gold plated)
Receptacle	S 70.00-L
Mating cycles	up to 1.000.000 cycles (typically over 100.000 cycles)
Insertion/extraction BIT	SC-17-20
Recommended handle	MTP-3
